BENITO

-Playground Equipment

A 3D perspective rendering of a park layout. A light brown, winding path starts from a grey asphalt road in the bottom right corner and meanders through a green grassy area. Along the path, there are several pieces of playground equipment: a blue and black slide on the left, a set of blue and black steps or a small bridge, a blue and black climbing structure, a small blue table, a black bench, and a small blue and black structure. In the background, there are three green trees, a tall grey pole, and several brown benches. The sky is a solid light blue.
