

## Saint Sulpice La pointe Francia

Saint-Sulpice-la-Pointe in France is illuminated by a thousand LED streetlights

INTROPDF##

For the LED lighting upgrade across the entire town, Saint-Sulpice-la-Pointe in the Occitania region of France has chosen high-column streetlights from the Milan and Vialia Evo models combined in single or double streetlight fixtures.

Around 1,200 units of the two models have been installed, suitable for residential areas and ready for any future remote management."
